To Whom It May Concern,

RE: RECOMMENDATION OF IMRAN ABDISALAN GURE

I highly recommend Imran Abdisalan Gure an alumni of Moringa School, for any Software Engineering position. He enrolled on 26th February 2024 & completed the Software Engineering course Cohort SDF-FT09 on 16th August 2024. He is set to graduate in November 2024, having demonstrated outstanding dedication, exceptional skills, and a strong work ethic.

Throughout the course, Imran Abdisalan actively engaged in class discussions, showcasing a solid understanding of the material and real-world application. He excelled in assignments and projects, consistently going above and beyond expectations.

He gained proficiency in a comprehensive range of programming languages and frameworks, including HTML, Python, CSS, JavaScript, React, Flask and SQLite among others.

Imran possesses both back-end and front-end programming skills, with a strong emphasis on problem-solving abilities. Assured of his educational background and skills, we believe he will make valuable contributions to any Software Engineering role he pursues.

I am confident that Imran Abdisalan Gure will make a valuable contribution to any organization. His passion for technology, combined with exceptional communication, teamwork, and leadership skills, make him an asset to any team. I highly recommend him for any Software Engineering role that he applies for and wish him all the best in his career.

Please do not hesitate to contact me if you require any further information.

Sincerely,

Whitney Atieno,

Student Experience Team Lead
